THE ORIGINAL MEXICAN STREET WEEN.

Franco Furterero has been a wanted man in the city of Oaxaca for over two decades. His crime? Breaking hearts and body parts. As much of a lover, as a fighter - Franco is a complex man who has found solace in two things: wrestling and slingin' a damn good ween.

Franco claims to have started Cholo Dogs out of necessity to feed his family, but those closest to him will tell you it is "por mi amor a lucha libre".

Our fearless slinger, our righteous leader, our stoic powerhouse. Franco lives inside of us all.
